

Kid Rocker

Remember bean bag chairs? Well, this chair is the 2004 bean bag chair **without the beans!**

The new Kid Rocker is the most appealing chair for kids of all ages – from preschool to young-at-heart adults. These are probably the most comfortable reading seats ever invented, and they scream

“Sit in Me and Read a Book!”

Available in vinyl or fabric upholstery, the Kid Rocker adds a whimsical, colorful touch to your story time or pleasure reading area.

Easy Design Tip: Combine a few of these Kid Rockers on one of our bright, exciting area rugs (shown on page 31) and you have created an instant “Island of Reading” in your library.
