BARRY SCHUSTER

BIOGRAPHY AND FACT SHEET

Barry Schuster is recognized as the nation's leading expert in creating School Food Courts that bring more students into the School Food Program- and increase revenue for School Districts.

His Book "How to Create a Food Court in your Cafeteria" has been adopted by many school districts as the definitive source for ideas to improve their dining programs.

Two years of service on the Board of Directors of the Florida School Nutrition Association and lobbying with the California School Nutrition Association gives him tremendous insight in the workings of school food service programs.

With 38 years designing thrilling dining rooms for schools in the US and internationally, he brings a "Kid's Eye" view to making a healthy meals program successful and profitable.

The student excitement over his company's over 225 Food Courts has been featured in news segments on KNBC- Channel 4 Los Angeles, WPLG-Channel 10 Miami, and in many newspapers.

The results of his Food Court transformations have been praised nationwide:

"The Student representative reported that the Blazer Café is the place to be seen; it is the students' restaurant and they are proud of it" ... "It is truly a beautiful makeover and we have the best restaurant in Yuba County"

Susan Murai, Director of Nutritional Services – Marysville Joint Unified School District

"Participation in our nutritional services program at the sites you renovated has significantly increased. Students strongly prefer the cafeteria seating areas that resemble a fast food court arena. Food sale revenues have increased as more students are making use of our cafeteria services. The students are also leaving the cafeteria cleaner...they demonstrate better behavior..."

Terry White, Director Administrative Services – Visalia Unified School District

"A closed campus doesn't have to be boring...here's how one school has made eating in the cafeteria a Tasty Adventure"

WPLG- TV Channel 10- Miami (news story about the new Red Raider Café Food Court at Miami-Edison High School)
